

Morality

Rev. Gary W. Belk

Here we go again. Focus is back on guns... when will people learn an inanimate object doesn't have "will" let alone "free-will?"

People; kids, teens, adults, seniors.... yes people of all ages have "free-will." They use their free will to be either socially acceptable or socially unacceptable.

I can say objectively, "being socially acceptable in today's American culture is being socially unacceptable in other cultures of this day and age as well as socially unacceptable according to what God has written in His revelation of Himself to man."

The American society suffers from the lack of "the spirit of wisdom" and the "revelation of the knowledge of Him (God)" (Ephesians 1:17).

America's current unacceptable morality leading to acts of evil is the result of a conscious effort of great degree by anti-god proponents seen ranting and raving in the streets as well as the passivity of "God fearing Christians" who while lurking in the shadows cherish the approval of men more than of God.

Come out of the shadows is my call to those individuals who have a relationship with God through His son, Jesus Christ. Stand firm by God's Holy Spirit dwelling within you. Speak the Truth with compassion.

America is suffering from the lack of "our voice."

The ambassadorship of the "Church" (God's voice in this world) needs to quit "planting their citizenship here on earth" via larger church buildings, which brings praise, honor, and glory to self. Services meant to entertain the masses, pay the bills, and falsely forgive the unacceptable lifestyles of individuals within the voice of those who preach, "Watered-down-truth."

Jesus is coming back for a "Church" without "spot or wrinkle."

So get over impressing and get on with blessing.

What this world needs today is the "GOOD NEWS; THE GOSPEL OF JESUS CHRIST.....FOR IT IS THE POWER OF GOD UNTO SALVATION, FIRST FOR THE JEW THEN FOR THE GENTILE"
(Romans 1:16)

Ye people of the Lord, "Love people to Life not Death."
